# Filling Text with Pictures

1

Open your picture or texture. Select all (CTRL+A) and copy (CTRL+C). Now click DEL to wipe out the image.

2

Go to the Channels palette and create a new channel. Type your text or create your black-and-white image.

3

If you have Photoshop 4.x, click the RGB button and return to the Layers palette. Load your selection (CTRL+ALT+4) and select Edit>>Paste Into. Now you have your texture inside your selection.

If you have Photoshop 5.x, load your selection (CTRL+ALT+4) and select Edit>>Paste Into. Now you have your texture inside your selection.
